About Me

I am a Computer Engineering student at Rajamangala University of Technology Isan, who wants to learn new experiences, and develop myself in the right direction. I am ready to work collaboratively with the team and contribute creative ideas with others. I am looking for opportunities to intern as a Frontend Developer, UX/UI Designer or Web Developer.

Education

Rajamangala University of Technology Isan

2021 - present

Faculty of Engineering and Technologyt

- Department of Computer Engineering

Work Experience

Project

Database Management Project

- The project is a simple web application developed to mimic some basic functionalities of Instagram. It was created using the AltoRouter framework for routing, PHP for the backend, and MySQL for database management.
